

ENQUIRE

Information resources

Enquire is the Scottish advice service for additional support for learning. We provide information for parents, carers, practitioners and children and young people through our helpline, website and range of publications. To order publications contact Enquire on 0131 313 8800, or email info@enquire.org.uk or download from the Enquire website www.enquire.org.uk/information

Parents' guide to additional support for learning

This detailed and user-friendly guide:

- explains the framework for supporting children's learning
- outlines rights for parents and young people and responsibilities for education authorities
- describes processes for identifying and making provision for children and young people with additional support needs.

Postcard for parents and carers

Order our handy postcard with contact details for the Enquire helpline service.

Find a service

Use our online map to find local or national services that provide:

- education
- support to access education
- advice and family support

www.enquire.org.uk/find-a-service

REACH

We have a great website for young people called **Reach** with advice and information about finding the right support. www.reach.scot

The Enquire website - www.enquire.org.uk - is packed with information including all the publications available in print.
