

Children with healthcare needs have the same right as other children to get additional support with their learning if they need it.

4 things you can do if you're worried your child's healthcare needs are not being met in school:

1

Know your rights: Visit the "My child has healthcare needs" page of our website.

2

Feel informed: Find out if your child has a healthcare plan or learning plan. If they don't, ask for one to be set up.

3

Talk to the school: Ask for a meeting to discuss your concerns.

4

Share important information: Take along any information that will help the school understand your child's needs.

New Enquire factsheet on:

'Supporting children and young people with healthcare needs in school'

"Thank you for the comprehensive answers to my many questions. The information has provided a clear picture for us as to how to proceed with our daughter's education. We were at a loss and using snippets of possibilities before contacting Enquire."
