

# Education and additional support for learning

## What's happening in my area?

Across Scotland, schools and nurseries are now closed to most children, with a few children still attending if they can't be at home. Each local authority is making different arrangements for children in their area, depending on what is needed locally.

**Our website has links to information about what is happening in every local authority, including things like:**

- **education and childcare provision for children of key workers**
- **arrangements for other children who might need childcare or support, including those with complex additional support needs**
- **arrangements for families who are eligible for free school meals**
- **help for you to educate and support your child at home.**
